HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 13—DEPARTMENT OF SOCIAL SERVICES Division 70—MO HealthNet Division Chapter 10—Nursing Home Program

EMERGENCY AMENDMENT

13 CSR 70-10.016 Global Per Diem Adjustments to Nursing Facility and HIV Nursing Facility Reimbursement Rates. The division is adding paragraph (3)(A)14.

PURPOSE: This amendment provides for a per diem increase to nursing facility and HIV nursing facility reimbursement rates by granting a trend adjustment resulting in an increase of five dollars and fifty cents (\$5.50) effective for dates of service beginning July 1, 2009.

EMERGENCY STATEMENT: The Department of Social Services, MO HealthNet Division by rule and regulation must define the reasonable costs, manner, extent, quantity, quality, charges, and fees of medical assistance. Effective for dates of service beginning July 1, 2009, the appropriation by the General Assembly included additional funds to increase nursing facilities' and HIV nursing facilities' reimbursements to account for a trend adjustment for SFY 2010. The MO HealthNet Division is carrying out the General Assembly's intent by providing for a per diem increase to nursing facility and HIV nursing facility reimbursement rates through the implementation of a trend adjustment effective for dates of service beginning July 1, 2009, of an additional five dollars and fifty cents (\$5.50). The trend adjustment

is necessary to ensure that payments for nursing facility and HIV nursing facility per diem rates are in line with the funds appropriated for that purpose. There is a total of five hundred four (504) nursing facilities and HIV nursing facilities currently enrolled in MO HealthNet, which will receive a per diem increase to its reimbursement rate of five dollars and fifty cents (\$5.50) effective for dates of service beginning July 1, 2009. This emergency amendment will ensure payment for nursing facility and HIV nursing facility services to approximately twenty-four thousand (24,000) senior Missourians in accordance with the appropriation authority. The Centers for Medicare and Medicaid Services approved the per diem rate increase of five dollars and fifty cents (\$5.50) for nursing facility and HIV nursing facility services on November 3, 2009. This emergency amendment must be implemented on a timely basis to ensure that quality nursing facility and HIV nursing facility services continue to be provided to MO HealthNet participants in nursing facilities and HIV nursing facilities during state fiscal year 2010 in accordance with the appropriation authority. As a result, the MO HealthNet Division finds an immediate danger to public health, safety, and/or welfare and a compelling governmental interest, which requires emergency action. The MO HealthNet Division has a compelling governmental interest in providing continued cash flow for nursing facility and HIV nursing facility services. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended by the *Missouri* and *United States Constitutions*. The MO HealthNet Division believes this emergency amendment is fair to all interested persons and parties under the circumstances. A proposed amendment covering the five dollars and fifty cents (\$5.50) increase was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1582-1585). The final order of rulemaking relating to that proposed amendment was filed with the Joint Committee on Administrative Rules on September 14, 2009, and was filed with the Office of the Secretary of State on November 4, 2009. Therefore, the division believes this emergency to be fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 9, 2009, becomes effective November 19, 2009, and expires January 30, 2010.

(3) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed in 13 CSR 70-10.015, a nursing facility's reimbursement rate may be adjusted as described in this section. Subject to the limitations prescribed in 13 CSR 70-10.080, an HIV nursing facility's reimbursement rate may be adjusted as described in this section.

This calculation excludes the director of nursing, the administrator, and assistant administrator.

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 10—Nursing Home Program**

EMERGENCY AMENDMENT

13 CSR 70-10.110 Nursing Facility Reimbursement Allowance.
The division is amending section (1) and adding subsection (2)(L).

PURPOSE: This amendment provides for a change in the Nursing Facility Reimbursement Allowance rate to nine dollars and seven cents (\$9.07) effective for dates of service beginning July 1, 2009.

EMERGENCY STATEMENT: The Department of Social Services, MO HealthNet Division finds that this emergency amendment is necessary to preserve a compelling governmental interest of collecting state revenue in order to provide nursing facility services to individuals eligible for the MO HealthNet nursing facility program. This emergency amendment changes the Nursing Facility Reimbursement Allowance (NFRA) rate from eight dollars and forty-two cents (\$8.42) to nine dollars and seven cents (\$9.07) effective for dates of service beginning July 1, 2009. This emergency amendment is necessary to generate additional state matching funds to pay nursing facilities an increased reimbursement rate also effective for dates of service beginning July 1, 2009. An early effective date is required because the emergency amendment is necessary to establish the NFRA assessment rate for State Fiscal Year (SFY) 2010 in regulation in order to collect the state revenue to ensure funds are available to pay for nursing facility services for MO HealthNet participants in participating MO HealthNet nursing facilities with the funds appropriated for that purpose. This emergency amendment results in an additional NFRA assessment of \$9,718,930, which yields additional payments of \$26,997,028 to nursing facilities. The NFRA will raise approximately \$135,616,566 annually. The MO HealthNet Division also finds an immediate danger to public health, safety, and/or welfare which require emergency actions. If this emergency amendment is not enacted, there would be significant cash flow shortages causing a financial strain on Missouri nursing facilities which serve approximately twenty-four thousand (24,000) individuals eligible for the MO HealthNet nursing facility program. This financial strain, in turn, will result in an adverse impact on the health and welfare of MO HealthNet participants in need of nursing facility services. A proposed amendment covering the nine dollars and seven cents (\$9.07) NFRA rate effective July 1, 2009, was published in the Missouri Register on August 3, 2009 (34 MoReg 1586-1587). The final order of rulemaking relating to that proposed amendment was filed with the Joint Committee on Administrative Rules on September 14, 2009, and was filed with the Office of the Secretary of State on November 4, 2009. This emergency amendment limits its scope to the circumstances creating the emergency and complies with the protections extended by the Missouri and United States Constitutions. The MO HealthNet Division believes this emergency amendment to be fair to all interested parties under the circumstances. This emergency amendment was filed November 9, 2009, becomes effective November 19, 2009, and expires December 31, 2009.

ATTEST:

Robin Carnahan
Secretary of State

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

It is estimated that implementation of this rule will cost nineteen thousand nine hundred ninety-seven dollars and seventy cents (\$19,997.70) in reduced fees based on currently reported fertilizer products.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Director, Fertilizer/Ag Lime Control Service, University of Missouri, Columbia, MO 65211-8080. Title: Title 6—DEPARTMENT OF HIGHER EDUCATION

Division: Division 250—University of Missouri

Chapter: Chapter 11—Administration of Mo. Fertilizer Law

Type of Rulemaking: Proposed Rule

Rule Number and Name: 6 CSR 250-11.041 Inspection fee on manipulated animal or vegetable manures fertilizers

SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Missouri Agricultural Experiment Station	-\$19,997.70 reduced tonnage inspection fees
4 cities	Net saving over current inspection fee

WORKSHEET

There are currently no state agencies and 4 political subdivisions with a valid permit to sell commercial fertilizer. The new fee structure reduces the tonnage inspection fee; however, estimating savings is not easily calculated without prior knowledge of how many tons of fertilizer products will be distributed during the reporting period.

IV . ASSUMPTIONS

Based on currently registered Fertilizer Distributors reporting sales of manipulated manure fertilizers and the guaranteed analysis and tonnages reported, this rule will reduce fertilizer tonnage inspection fee collections by \$19,997.70 which could have been used for research for farmers of this state.

Based on currently reported tonnages and guaranteed analysis political subdivisions should realize a decrease from 42% to 99.9% inspection fee decreases.

PROPOSED RULE

6 CSR 250-11.042 Guaranteed Analysis When Tonnage Inspection Fee is Based on Product Constituent

PURPOSE: This rule establishes tolerance for under guaranteeing a nutrient when inspection fee is based on specific nutrient content of a fertilizer product.

(1) When the tonnage inspection fee authorized in section 266.331, RSMo, is based on nutrient constituent component(s) contained in the fertilizer, the guaranteed analysis will accurately represent the nutrient content of the product within one hundred fifty percent (150%) value. Value will be determined by chemical analysis and calculated by dividing the found nutrient level by the guaranteed level. Product analysis that is found to exceed one hundred fifty percent (150%) of the guarantee shall be subject to the prescribed inspection fee multiplied by the factor which the product was under guaranteed.

AUTHORITY: sections 266.291–266.351, RSMo 2000 and HB 734, Ninety-fifth General Assembly 2009. Original rule filed Nov. 13, 2009.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Director, Fertilizer/Ag Lime Control Service, University of Missouri, Columbia, MO 65211-8080. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

**Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 6—Air Quality Standards, Definitions, Sampling
and Reference Methods and Air Pollution Control
Regulations for the Entire State of Missouri**

PROPOSED AMENDMENT

10 CSR 10-6.050 Start-up, Shutdown, and Malfunction Conditions. The commission proposes to amend subsections (3)(B), (3)(C), (4)(A), and (4)(B). If the commission adopts this rule action, it will be the department's intention to submit this rule amendment to the U.S. Environmental Protection Agency to replace the current rule that is in the Missouri State Implementation Plan. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address and phone number listed in the Notice of Public Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Environmental Regulatory Agenda website, www.dnr.mo.gov/reg/index.html.

PURPOSE: This rule, applicable to all installations in Missouri, provides the owner or operator of an installation the opportunity to submit data regarding conditions which result in excess emissions. These

submittals will be used by the director to determine whether the excess emissions were due to a start-up, shutdown, or malfunction condition. These determinations will be used in deciding whether or not enforcement action is appropriate. This proposed amendment will clarify the contents of the written notification required during start-up or shutdown conditions, clarify the reporting requirements, and correct references for clear interpretation and enforcement. The evidence supporting the need for this proposed rulemaking, per section 536.016, RSMo, is the public hearing testimony on this rulemaking.

(3) General Provisions.

(B) The owner or operator shall notify the Missouri Department of Natural Resources' Air Pollution Control Program at least ten (10) days prior to any maintenance, start-up, or shutdown activity, which is expected to cause an excess release of emissions that exceeds one (1) hour. *[If notice cannot be given ten (10) days prior to any maintenance, start-up or shutdown, which is expected to cause an excess release of emissions, notice shall be given as soon as practicable prior to the maintenance, start-up or shutdown or orally as soon as practical during normal working hours after the release and no later than close of business of the following working day with written notice to follow within ten (10) working days of the release. The owner or operator of such facility shall notify the Missouri Department of Natural Resources' Air Pollution Control Program in the following ways: a written report including:]* If notification cannot be given ten (10) days prior to any maintenance, start-up, or shutdown activity, which is expected to cause an excess release of emissions that exceeds one (1) hour, notification shall be given as soon as practicable prior to the maintenance, start-up, or shutdown activity. If prior notification is not given for any maintenance, start-up, or shutdown activity which resulted in an excess release of emissions that exceeded one (1) hour, notification shall be given within ten (10) working days of the release. In all cases, the notification shall be a written report and shall include, at a minimum, the following:

1. Name and location of installation;
2. Name and telephone number of person responsible for the installation;
3. Name of the person who first discovered the malfunction and precise time and date that the malfunction was discovered;
4. Identity of the equipment [causing the excess emissions] involved in the maintenance, start-up, or shutdown activity;
5. Time and duration of the period of excess emissions;
6. Type of activity and the reason for the maintenance, start-up, or shutdown;
7. Type of air contaminant involved;
8. Estimate of the magnitude of the excess emissions expressed in the units of the applicable emission control regulation and the operating data and calculations used in estimating the magnitude;
9. Measures taken to mitigate the extent and duration of the excess emissions; and
10. Measures taken to remedy the situation which caused the excess emissions and the measures taken or planned to prevent the recurrence of these situations.

(C) Upon receipt of a notice of excess emissions issued by the Missouri Department of Natural Resources or an agency holding a certificate of authority under section 643.140, RSMo, the source to which the notice is issued may provide information showing that the excess emissions were the consequence of a malfunction, start-up, or shutdown. Based upon any information submitted by the source operator and any other pertinent information available, the director or the commission shall make a determination whether the excess emissions constitute a malfunction, start-up, or shutdown and whether the nature, extent, and duration of the excess emissions warrant enforcement action under section 643.080 or 643.151, RSMo.

1. In determining whether enforcement action is warranted, the director or commission shall consider the following factors:

A. Whether the excess emissions during start-up, shutdown, or malfunction occurred as a result of safety, technological, or operating constraints of the control equipment, process equipment, or process;

B. Whether the air pollution control equipment, process equipment, or processes were, at all times, maintained and operated to the maximum extent practical, in a manner consistent with good practice for minimizing emissions;

C. Whether repairs were made as expeditiously as practicable when the operator knew or should have known when excess emissions were occurring;

D. Whether the amount and duration of the excess emissions were limited to the maximum extent practical during periods of this emission;

E. Whether all practical steps were taken to limit the impact of the excess emissions on the ambient air quality;

F. Whether all emission monitoring systems were kept in operation if at all possible;

G. Whether the owner or operator's actions in response to the excess emissions were documented by properly signed, contemporaneous operating logs, or other relevant evidence;

H. Whether the excess emissions were not part of a recurring pattern indicative of inadequate design, operation, or maintenance; and

I. Whether the owner or operator properly and promptly notified the appropriate regulatory authority.

2. The information provided by the source operator under [paragraph (3)(C)1.] subsection (3)(C) of this rule shall include, at a minimum, the following:

A. [Name and location of installation;] Written notification per subsection (3)(A) of this rule for malfunctions which resulted in excess emissions that exceeded one (1) hour; or

B. [Name and telephone number of person responsible for the installation;] Written notification per subsection (3)(B) of this rule for maintenance, start-up, or shutdown activities which resulted in excess emissions that exceeded one (1) hour.

[C. Name of the person who first discovered the malfunction and precise time and date that the malfunction was discovered;]

[D. The identity of the equipment causing the excess emissions;]

[E. The time and duration of the period of excess emissions;]

[F. The cause of the excess emissions;]

[G. The type of air contaminant involved;]

[H. A best estimate of the magnitude of the excess emissions expressed in the units of the applicable emission control regulation and the operating data and calculations used in estimating the magnitude;]

[I. The measures taken to mitigate the extent and duration of the excess emissions; and]

[J. The measures taken to remedy the situation which caused the excess emissions and the measures taken or planned to prevent the recurrence of these situations.]

(4) Reporting and Record Keeping.

(A) The information specified in paragraph (3)(C)2. of this rule shall be submitted to the director not later than fifteen (15) days after receipt of the notice of excess emissions. Information regarding the type and amount of emissions and time of the episode shall be recorded and kept on file. This data shall be included in emissions reported on any required Emissions Inventory Questionnaire.

(B) The information submitted according to [paragraphs (3)(A)2., (3)(B)2.,] subsections (3)(A) and (3)(B) of this rule and paragraph (3)(C)2. of this rule[,] shall be kept on file at the installation for a period of five (5) years. This data shall be included in

emissions reported on any required Emissions Inventory Questionnaire. The information shall be available to the director upon request.

ORDER OF RULEMAKING

By the authority vested in the Director of Agriculture under section 267.645, RSMo 2000, the director amends a rule as follows:

2 CSR 30-2.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2009 (34 MoReg 1461–1468). COMMENT: After a thorough review of the proposed amendment, the Division of Animal Health recommends seven (7) changes. Change #1: In paragraph (4)(C)5. change the age of rodeo stock to eighteen (18) months of age and older. Animals eighteen months of age and over present the most concern to livestock industry. Change #2: In subsection (7)(A) include gender to be consistent with other regulations, and in subsection (7)(B) require a Certificate of Veterinary Inspection for sheep to enter Missouri. Change #3: In subsection (7)(C) remove the word "eartag" and replace it with "identification." This change will allow for other acceptable forms of identification as defined by Title 9, *Code of Federal Regulations*, Part

79. Change #4: In subsection (8)(A) include gender to be consistent with other regulations. Change #5: In subsection (8)(B) require a Certificate of Veterinary Inspection on goats entering Missouri. Change #6: In subsection (8)(C) change the wording to "individually identified by official scrapie identification" to be consistent with other wording for identification. Change #7: In subsection (10)(A) clarify that captive cervids entering Missouri must be accompanied by a Certificate of Veterinary Inspection.

RESPONSE AND EXPLANATION OF CHANGE: The department has considered the changes and has agreed to accept them.

Title 2—DEPARTMENT OF AGRICULTURE

Division 30—Animal Health

Chapter 2—Health Requirements for Movement of Livestock, Poultry and Exotic Animals

ORDER OF RULEMAKING

By the authority vested in the Director of Agriculture under section 267.645, RSMo 2000, the director amends a rule as follows:

2 CSR 30-2.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2009 (34 MoReg 1468-1474). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The state veterinarian received two (2) comments and the department staff made one (1) comment on the proposed rule.

COMMENT #1: USDA, APHIS-Veterinary Services noted that in section (3) the correct terminology should be Veterinary Services and not Veterinarian Services.

RESPONSE AND EXPLANATION OF CHANGE: Correction noted and changes made.

COMMENT #2: USDA, APHIS-Veterinary Services noted that in subsections (4)(E) and (5)(E) our quarantine requirements for sheep and goats needed to include official identification requirements.

RESPONSE AND EXPLANATION OF CHANGE: Subsections (4)(E) and (5)(E) will be changed to include official identification requirements.

COMMENT #3: After a thorough review of the proposed amendment, the Division of Animal Health recommends three (3) changes to the proposed amendment. Change #1: In subsection (4)(A) include gender to be consistent with other regulations. Change #2: In subsection (5)(A) include gender to be consistent with other regulations. Change #3: In subsection (6)(A) remove the requirement that captive cervids need to be veterinary inspected or listed on a Certificate of Veterinary Inspection. This change would make the captive cervids consistent with other classes of livestock moving within Missouri.

RESPONSE AND EXPLANATION OF CHANGE: The Department

of Agriculture considered the changes and has agreed to accept them.

2 CSR 30-2.020 Movement of Livestock, Poultry and Exotic Animals Within Missouri

(3) *Equidae*. This includes exotic equine, donkeys, asses, burros, and zebras.

(C) *Equidae* Owned, Leased, or Rented by a Business or Public Entity.

1. *Equidae* owned, leased, or rented by a business or public entity that congregate with privately-owned *equidae* or other *equidae* offering the same service must have an official negative EIA test within the preceding twelve (12) months.

2. The owners or managers shall be responsible for maintaining proof (either the original VS Form 10-11 or any officially recognized federal/state EIA test chart, certified photocopy, or certified facsimile of the VS Form 10-11) of current negative test for each animal being used for the service. These records shall be available for inspection by a veterinarian or animal health officer employed by the Department of Agriculture or a veterinarian or animal health technician employed by United States Department of Agriculture (USDA), Animal and Plant Health Inspection Services (APHIS)-Veterinary Services.

(F) Procedures for Handling Missouri EIA Positive *Equidae*.

1. Upon notification of a positive EIA test from any accredited laboratory, the positive animal(s) will be permanently identified by microchip, quarantined, and isolated at least two hundred (200) yards from any other *equidae*.

2. All *equidae* determined or believed to be exposed to the positive animal will be quarantined, permanently identified by microchip, and blood collected by a veterinarian employed by the Missouri Department of Agriculture or a veterinarian employed by USDA, APHIS-Veterinary Services or a licensed accredited deputy veterinarian acting under the direction of the state veterinarian for official EIA testing.

3. The original reactor animal is to be tested a second time within thirty (30) days of the first positive test. The second sample will be drawn by state or federal regulatory personnel and will be submitted to a Department of Agriculture Animal Health Diagnostic Laboratory. The owner may request that the sample be split and submit one (1) to a private accredited laboratory of their choice at their own expense. There will be no laboratory charge for retests of positive or exposed animals submitted to a Department of Agriculture Animal Health Diagnostic Laboratory.

4. Upon confirmation of positive status by a Department of Agriculture Animal Health Diagnostic Laboratory and the National Veterinary Services Laboratory, the positive animal will be freeze-branded on the left side of the neck with an alphanumeric code that indicates the state of Missouri (by the number 43), EIA positive by (AP), the last digit of the year, followed by the positive EIA case number for that year. The freeze-brand will be a minimum of two inches (2") high and seven (7) characters long.

5. The owner or a representative of the owner must decide within fifteen (15) days the disposition of the positive animal with the following options:

A. Ship to an approved slaughter establishment on a VS Form 1-27 shipping permit issued by a veterinarian or animal health officer employed by the Department of Agriculture or a veterinarian or animal health technician employed by USDA, APHIS-Veterinary Services. Market veterinarians may issue a VS Form 1-27 shipping permit for positive animals going directly to slaughter from a licensed livestock market/sale;

B. Euthanasia with a written statement from the attending veterinarian including date and disposition of the animal(s); or

C. Permanently quarantined, with the owner agreeing to abide by all the stipulations required by signing an EIA Quarantine Affidavit (MO Form 350-1052).

6. All other *equidae* owned/managed or leased will be placed under quarantine for sixty (60) days after removal of the last known positive animal. Two (2) negative EIA tests will be required to be released from quarantine. The first test at the time exposure was discovered and the second test sixty (60) days or more after the removal of the last known positive animal.

A. All exposed animals will be permanently identified by electronic microchip.

B. Blood samples will be drawn by a veterinarian or animal health officer employed by the Department of Agriculture or a veterinarian or an animal health technician employed by USDA, APHIS-Veterinary Services and submitted to a Department of Agriculture Animal Health Diagnostic Laboratory (at no charge).

C. Foals from EIA positive mares will acquire passive antibody to EIA in the colostrum and may test positive for more than six (6) months. In these cases, the foal will be quarantined for at least sixty (60) days after weaning or separation from all positive equids and up to one (1) year of age pending negative EIA test results. If the animal is still test-positive by one (1) year of age, it is considered infected and will be handled as such.

7. Violation of quarantine by any person in possession of the positive animal(s) or exposed animal(s) or refusal to test or to allow microchip implanting will be in violation of section 267.603, RSMo, and may result in civil penalties not to exceed one thousand dollars (\$1,000) for each violation and penalties not to exceed five hundred dollars (\$500) for each day such person fails to cooperate as required.

(4) Sheep.

SUMMARY OF COMMENTS: The Missouri Highways and Transportation Commission (MHTC) received two (2) comments on the proposed rule.

COMMENT #1: Steve Rudloff, with the Missouri Limestone Producers Association, noted that section 7 CSR 10-11.020(14) seems to offer no other option for rejected materials other than complete replacement. Rudloff requested an added provision to allow some delivered materials that are close to meeting original specifications to be purchased at a revised price. Rudloff further requested an added provision to allow corrective action on rejected materials rather than complete replacement if both the supplier and MoDOT agree that this would be acceptable.

RESPONSE: The language in the notice of proposed rulemaking actually allows more flexibility than the original 7 CSR 10-11.020(22), Rejection of Supplies, which states, "Products, equipment or items delivered that do not meet the specifications of the contract will be returned to the vendor at the vendor's expense. When a shipment or product is returned, the vendor must make immediate replacement in accordance with the specifications of the contract." (underlined language is MoDOT emphasis) The language in the notice of proposed rulemaking allows more flexibility by stating an item may be rejected. Ultimately, products not meeting specifications will be handled in accordance with the bid specifications that may include liquidated damages that will allow the acceptance of a non-conforming product at a lower cost or other remedies.

COMMENT #2: Steve Rudloff, with the Missouri Limestone Producers Association, noted that the language in the notice of proposed rulemaking, section 7 CSR 10-11.020(15), is troubling to the industry since it states that materials accepted at delivery, or a portion thereof, can be rejected later. Mr. Rudloff further stated that aggregate, while in a previously accepted stockpile or in the process of being handled and transported later, is easily subject to contamination, segregation, and degradation outside the control of the supplier. Rudloff requested an added provision to protect aggregate suppliers when they provide a material that meets specification at the time of delivery.

RESPONSE: This language in the notice of proposed rulemaking is the same as the language found in current 7 CSR 10-11.020(23). This language needs to remain the same as it serves to protect the commission and department when there are concealed or unknown product defects in the materials supplied. In addition, specification compliance testing is performed on many of the products utilized by the commission and department and the testing occurs after receipt of delivery.

By the authority vested in the Board of Private Investigator Examiners under section 324.1100, RSMo Supp. 2008, the board adopts a rule as follows:

proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment on the proposed rule.

COMMENT: Peter Duffey, Director of Double Helix Services, Inc., stated that there is no definition on file for the word "Agency."

RESPONSE: The board reviewed the comment and noted that "private investigator agency" is defined in section 324.1100(8), RSMo, as a person who regularly employs any other person, other than an organization, to engage in the private investigator business. Therefore, the board made no changes to the text of the rule.

SUMMARY OF COMMENTS: The board received one (1) comment on the proposed rule.

COMMENT: Michael Thomas, of Thomas Training Institute, submitted a comment stating section (1) of 20 CSR 2234-1.020 is covered in criminal law and the board should concentrate on first screening new applicants and preventing unsavory individuals from getting into the business and second handling complaints against existing investigators.

RESPONSE: Sections 324.1100 through 324.1148, RSMo, establish the duties of the board. Section (1) of 20 CSR 2234-1.020 merely summarizes the board's purpose and does not expand the board's authority. Therefore, no changes were made to the text of the rule.

Chapter 1—General Rules**

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under sections 324.1102 and 324.1132, RSMo Supp. 2008, the board adopts a rule as follows:

20 CSR 2234-1.050 Fees is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1603). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received five (5) comments on the proposed rule.

COMMENT #1: The Kansas Association of Private Investigators (KAPI) stated that it does not seem appropriate to set the fee for a private investigator higher than the licensing fee for a private investigator agency since Missouri courts have ruled that licensing fees should reflect the cost of regulation. There is no apparent reason why more regulatory activity will be required for an individual than for an agency. Some might argue that the differing fee structure tended to favor agencies over independent, self-employed investigators. The proposed fees should be adjusted to meet the expected cost for the

regulatory effort for each category of licensee and to clearly reflect that fees are equally and fairly applied.

COMMENT #2: Valerie Summer, with Private Investigative Services LLC, implores the board to review the cost structure. Ms. Summer states that Kansas only charges one hundred seventy-five dollars (\$175) for a two (2)-year license and all parties she has spoken with certainly do not agree with a potential cost of five hundred dollars (\$500). Ms. Summer requested that the board inform all potential licensees of the actual costs to start this license process and review the actual costs before finalizing the fees.

COMMENT #3: Michael Thomas, with Thomas Training Institute, is concerned about the public and private cost(s) as there is nothing in the rules that definitively describes what these costs are. Mr. Thomas raised several questions: 1) Are these costs the cost of a license? 2) Do the costs include initial and continuing education training? Mr. Thomas also raised several concerns: 1) If it is just the cost of a license, I feel the cost is excessive and will be a hardship for investigators who are not as financially successful as the others; 2) Is this an attempt to eliminate potential licensees by making the license that expensive? In this economy, I feel it is wrong for a government entity to hinder free enterprise. Up until now the state has not even seen fit to regulate investigators. Now not only are they going to regulate them, the fees will be prohibitive for some who want to get into the business and some who are currently in the business.

RESPONSE: The board evaluated and discussed fees extensively in several open meetings in which members of the public were present. Because this is a new board, a start-up fund is necessary to allow the board to begin its regulatory functions. The primary revenue source for the board is license and renewal fees. Section 324.1114, RSMo, requires fees be set at a level which does not substantially exceed the cost of administering the provisions of sections 324.1100 through 324.1148, RSMo. The board's intent is to keep license fees at the lowest level possible to maintain the necessary functions of the board. The board will continue to look for opportunities to lower fees in future renewal periods. However, the board made no changes to the text of the rule.

COMMENT #4: Peter Duffey, Director of Double Helix Services, Inc., suggested that the fees be combined or reduced for individuals applying for both a personal and agency license at the same time. Together, they place a burden on an individual who is opening a new agency of nine hundred dollars (\$900). Also Mr. Duffey stated that the rules do not state anywhere if you do or do not have to have an agency license to do business if you do not work for another agency.

RESPONSE: Sections 324.1100 through 324.1148, RSMo, do not require an individual to hold an agency license in order to conduct private investigations in the state of Missouri. Section 324.1114, RSMo, specifically authorizes an individual holding a private investigator license in the state of Missouri to conduct investigations; however, section 324.1114, RSMo, requires an agency license to be applied for separately and held by an individual who is licensed as a private investigator. The board does not regulate an individual's personal decision to open a business. Therefore, no changes were made to the text of the rule.

COMMENT #5: Terry Threadgill, Case Manager for Protective Services and Licensing Administrator for Clarence M. Kelley & Associates, Inc., stated that he was very surprised to hear that an agency must have "bricks and mortar" in Missouri as their primary location, and individual private investigators from out of state would be licensed by paying higher fees. Mr. Threadgill believes that the out-of-state licensees should have the same fees as the in-state licensees. He would like to see the rate structure modified.

RESPONSE: After an extensive legal review, the board determined sections 324.1100-324.1148, RSMo, do not require a physical Missouri address in the state of Missouri. However, section 324.1132, RSMo, prohibits any licensee from advertising or con-

ducting business from any Missouri address other than that shown on the records of the board as the licensee's principal place of business unless the licensee has received an additional agency license for such location. Therefore, an agency located outside of the state of Missouri may apply for a private investigator agency license by paying the required fee and if the individual is licensed as a private investigator as required in section 324.1114, RSMo. Based on these facts, the board made no changes to the text of the rule.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 2234—Board of Private Investigator Examiners Chapter 2—Private Investigator

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under sections 324.1102, 324.1108, 324.1110, 324.1112, and 324.1114, RSMo Supp. 2008, the board adopts a rule as follows:

20 CSR 2234-2.010 Application for Licensure—Private Investigator is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1603-1608). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received four (4) comments on the proposed rule.

COMMENT #1: Peter Duffey, Director of Double Helix Services, Inc., suggested that personal and/or professional references should also be necessary.

RESPONSE: During the promulgations of rules, the board considered including the submission of personal references in subsection (2)(G), however, due to potential burden on applicants to request the references and the increased workload for staff to verify references, the board did not believe this means of evidence would be cost effective or of true value in determining work experience. The board will continue to review what documentation other boards within the division accept and the value each component contributes to the validation process. Therefore, at this time the board made no changes to the text of the rule.

COMMENT #2: The Kansas Association of Private Investigators (KAPI) states that the requirement to provide an insurance certificate from a company licensed to do business in the state of Missouri may need to be revised. Private detectives licensed in the state of Kansas have found in the past that no state-regulated insurance agencies actually offered the professional liability insurance, with errors and omissions coverage, required by the state licensing statute. The insurance must be obtained from unregulated carriers that are frequently from out of state. A requirement to use only Missouri-regulated insurers may prove to be unworkable.

RESPONSE: Section 375.161, RSMo, requires any insurance company conducting business in Missouri to obtain Missouri licensure. Therefore, the board made no changes to the text of the rule.

COMMENT #3: J. A. Terranson commented that there is no explicit description of the purpose of the fingerprints for a background check. If the purpose is to prevent licensure, the board should explicitly state what would prevent licensure.

RESPONSE: Section 324.1110, RSMo, requires the board to conduct

a complete investigation of each applicant for licensure. The fingerprints are necessary for the Missouri State Highway Patrol to obtain criminal history information. Therefore, the board made no changes to the text of the rule.

COMMENT #4: Ron Buretta, with Ron R. Buretta & Associates, Inc., commented that if an agency owner claims exemption from carrying workers' compensation as being a sole practitioner or having only one (1) or (2) employees, then their website should be inspected.

RESPONSE: Missouri law is very clear on workers' compensation requirements. The board would become involved should a complaint be filed and through the investigative process. Therefore, the board made no changes to the text of the rule.

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under section 324.1100, RSMo Supp. 2008, the board adopts a rule as follows:

No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment on the proposed rule.

COMMENT: John Ellis, with the Kansas Association of Private Investigators (KAPI), commented that the regulating agency workload created by the requirement to report changes of address, telephone numbers, or email addresses in writing could potentially be lessened by allowing electronic reporting of the changes. The mailing list form currently found on the Division of Professional Registration's website could be adapted to perform this function. This should reduce the regulating costs.

RESPONSE: The board can accept address, telephone numbers, or email changes by facsimile, email, or through the United States postal service. Licensees will also have the ability to go to the Board of Private Investigator Examiners' website and complete a change of address form. The division's current licensing system is not capable of web-based interfacing. Therefore, the board made no changes to the text of the rule.

No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment on the proposed rule.

COMMENT: Peter Duffey, Director of Double Helix Services Inc., commented that the state should bear the cost of a replacement license in the case of an incorrect license being provided to the applicant or agency. Otherwise, the applicant should bear the cost.

RESPONSE: Licensees can currently obtain a duplicate license at no charge. Therefore, no changes were made to the text of the rule.

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under sections 324.1102, 324.1108, 324.1110, 324.1112, 324.1114, and 324.1132, RSMo Supp. 2008, the board adopts a rule as follows:

20 CSR 2234-3.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1621-1625). Those sections with changes have been reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received five (5) comments on the proposed rule.

COMMENT #1: Upon review of the proposed rule, the board noted that the rule did not clearly state that the private investigator-in-charge must also be licensed in Missouri. Peter Duffey, Director of Double Helix Services, Inc., also commented that section (3) of 20 CSR 2234-3.010 could easily be construed to mean that investigators cannot meet new or potential clients outside of the office, work from our vehicles, or from a home office if that is not the “primary office” or a “branch office” as designated by registration with the board. Investigators are not going to want their home address on file as a branch office and we all work from home offices from time-to-time.

RESPONSE AND EXPLANATION OF CHANGE: Unless an exception in section 324.1106, RSMo, applies, all private investigators must be licensed to do business in Missouri. In order to have effective and efficient regulation, a private investigator holding him or herself out to be in charge of other private investigators doing business in Missouri must also be licensed. Therefore, the board decided to add the word “Missouri” in subsection (2)(B) for clarification purposes. However, nothing prohibits a private investigator from meeting clients at a location other than the primary office.

COMMENT #2: Mr. Duffey commented that this particular section is being interpreted to mean that there must be a “brick and mortar” office in Missouri.

RESPONSE: After an extensive legal review, the board determined sections 324.1100–324.1148, RSMo, do not require a physical Missouri address in the state of Missouri. However, section 324.1132, RSMo, prohibits any licensee from advertising or conducting business from any Missouri address other than that shown on the records of the board as the licensee’s principal place of business unless the licensee has received an additional agency license for such location. Therefore, an agency located outside of the state of Missouri may apply for a private investigator agency license by paying the required fee and if the individual is licensed as a private investigator as required in section 324.1114, RSMo. Based on these facts, the board made no changes to the text of the rule.

COMMENT #3: John W. Ellis, President of Kansas Association of Private Investigators (KAPI), commented that the requirement to provide an insurance certificate from a company licensed to do business in the state of Missouri may need to be revised. Private detectives licensed in the state of Kansas have found in the past that no state-regulated insurance company actually offered the professional liability insurance (with errors and omissions coverage) required by the state licensing statute. The insurance must be obtained from unregulated carriers that are frequently from out of state. A requirement to use only Missouri regulated insurers may prove to be unworkable.

RESPONSE: Section 375.161, RSMo, requires any insurance company conducting business in Missouri to obtain Missouri licensure. Therefore, the board made no changes to the text of the rule.

COMMENT #4: Tom Dupriest, Chairman of the Board of Directors/Senior Advisory Consultant for Clarence M. Kelley and Associates, Inc. (CMKA), is concerned with the wording in sections (2) and (3) as it seems to indicate that a licensed private investigative company must have its primary office in Missouri in order to work in Missouri. CMKA is currently licensed in thirteen (13) states and six (6) cities throughout the United States, none of which require that private investigator companies have their primary office in that state or for that matter that any office of the agency must be in that state. CMKA respectfully requests that consideration be given to amending the requirement as if its left a part of the statute, most all companies that conduct private investigations on a national or even a regional basis will be unable to operate in Missouri, eliminating work and jobs that are currently held by Missouri residents, our employees, and those of other companies, and the resultant taxes paid as a result of those jobs.

RESPONSE: After an extensive legal review, the board determined

sections 324.1100–324.1148, RSMo, do not require a physical Missouri address in the state of Missouri. However, section 324.1132, RSMo, prohibits any licensee from advertising or conducting business from any Missouri address other than that shown on the records of the board as the licensee’s principal place of business unless the licensee has received an additional agency license for such location. Therefore, an agency located outside of the state of Missouri may apply for a private investigator agency license by paying the required fee and if the individual is licensed as a private investigator as required in section 324.1114, RSMo. Based on these facts, the board made no changes to the text of the rule.

COMMENT #5: Stu Macfarlane, President of Blue Eagle Investigations, Inc., commented with regards to the agency license. Mr. Macfarlane would like to license seven (7) investigators in Missouri. Since he does not have a physical office there, their license fees would be five hundred dollars (\$500) each, or three thousand five hundred dollars (\$3,500) total. However, if he had an agency license, this cost would be four hundred dollars (\$400) for the agency, and fifty dollars (\$50) for each investigator, equaling seven hundred fifty dollars (\$750) total. That is a huge difference. Likewise, renewals would be two thousand one hundred dollars (\$2,100) versus one hundred seventy-five dollars (\$175). The economics of the agency rules will prohibit companies, like his, from having multiple investigators licensed in Missouri. Again, he believes this is detrimental to the industry in terms of companies like his not being able to do more work in Missouri and current gainfully employed investigators losing a lot of income, if not their jobs. The requirement for a “brick and mortar” building in Missouri for an agency should be dropped as most states do not require this. With regards to the “felon” language, he believes this was passed based on recommendations from the entity that started statewide licensing. It was shortsighted and never should have been passed and it should be retracted, however he thanks the board for reminding him and everyone that this will have to be addressed with the legislature.

RESPONSE: After an extensive legal review, the board determined sections 324.1100–324.1148, RSMo, do not require a physical Missouri address in the state of Missouri. However, section 324.1132, RSMo, prohibits any licensee from advertising or conducting business from any Missouri address other than that shown on the records of the board as the licensee’s principal place of business unless the licensee has received an additional agency license for such location. Therefore, an agency located outside of the state of Missouri may apply for a private investigator agency license by paying the required fee and if the individual is licensed as a private investigator as required in section 324.1114, RSMo. Based on these facts, the board made no changes to the text of the rule.

No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received one (1) comment on the proposed rule.

COMMENT: John Ellis, President of the Kansas Association of Private Investigators (KAPI), commented that regulating agency workload created by the requirement to report changes of address, telephone numbers, or email addresses in writing could potentially be lessened by allowing electronic reporting of the changes. The mailing list form currently found on the Division of Professional Registration's website could be adapted to perform this function. This should reduce the regulating costs.

RESPONSE: The board can accept address, telephone numbers, or email address changes by facsimile, email, or through the United States postal service. Licensees will also have the ability to go to the Board of Private Investigator Examiners' website and complete a change of address form. The division's current licensing system is not capable of web-based interfacing. Therefore, the board made no changes to the text of the rule.

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under sections 324.1126 and 324.1138, RSMo Supp. 2008, the board adopts a rule as follows:

20 CSR 2234-6.010 Continuing Education is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1668–1673). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received two (2) comments on the proposed rule.

COMMENT #1: John W. Ellis, President of the Kansas Association of Private Investigators (KAPI), commented that the restrictions placed on approved trainers and courses needs to be expanded because it fails to include courses currently being offered which clearly support the purpose of continuing education. The board should either alter the definitions of the approved trainers/courses to include courses at accredited universities, colleges, or technical schools or publish a list of university curriculums or certification courses that are approved. This would reduce the expense for the private investigators trying to comply with the rules and would also reduce the volume of regulatory work that must be performed by the regulating agency.

RESPONSE: The board appreciates Mr. Ellis's comments regarding continuing education, but it appears Mr. Ellis misunderstands the law regarding continuing education. Therefore, no changes to the rule are being made.

COMMENT #2: Ron R. Buretta, with Ron R. Buretta & Associates, Inc., commented that the continuing education requirement should be very broad on what constitutes satisfaction of this requirement. Quality seminars related to the industry or business courses in general should be sufficient.

RESPONSE: Sections 324.1122 and 324.1126, RSMo, establishes continuing education requirements. The statutory sections are broad and require education to be "relevant to the private investigator business." Therefore, no change to the rule was made.

ORDER OF RULEMAKING

By the authority vested in the Board of Private Investigator Examiners under section 324.1138, RSMo Supp. 2008, the board adopts a rule as follows:

20 CSR 2234-7.010 Code of Conduct is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 3, 2009 (34 MoReg 1674–1679). No changes have been made to the text of the

proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received (4) comments on the proposed rule.

COMMENT #1: Terry Threadgill wants to know the board's definition of a "primary office in Missouri" and also requests that the board defines reciprocity. Mr. Threadgill would also like to know how an armed, plain clothes security guard is going to be licensed. Currently most of the private investigators licensed with the city of Kansas City, Missouri are licensed as armed. How will this change particularly since the proposed Missouri rules do not mention armed or unarmed licensure? Also, how does the board plan to respond to the comments on the proposed rules, via mail?

RESPONSE: Primary office is defined by board rule 20 CSR 2234-1.010. The board also stated that 20 CSR 2234-2.010 requires the board's records to reflect that actual location of the business. Section 324.1142, RSMo, establishes the board authority to enter into reciprocal agreements; therefore, the board determined that a definition in rule was not warranted. Sections 324.1100 through 324.1148, RSMo, establish licensure for private investigators throughout the state of Missouri but do not authorize the board to issue a conceal and carry weapons license (CCW). At this time the board is uncertain how this issue will be handled for private investigators that have been issued a CCW private investigator license with the Kansas City Police Department. The board will be discussing this issue during future board meetings. Therefore, no changes to the rule were made.

COMMENT #2: Ron R. Buretta, with Ron R. Buretta & Associates, Inc., hopes that once licensing goes into effect, the yellow page advertisements are inspected. Mr. Buretta states that there are blatant misrepresentations currently in print.

RESPONSE: The board has only that authority given it by the legislature. The board will handle all complaints made to the board regarding alleged violations of Missouri law. Therefore, no changes to the rule were made.

COMMENT #3: Joe Bramer commented that the requirements for licensure are ridiculous for someone with his extensive backgrounds and he and others like him should be granted an exemption from licensure, especially when they are only working part-time.

RESPONSE: The exemptions for licensure can be found in section 324.1106, RSMo. All others must be licensed. Therefore, no change was made to the rule.

COMMENT #4: Michael Knoke, CPP, Director of Investigations, Corporate Security and Safety with Express Scripts, Inc., commented that a review of the rules regarding private investigator licensing indicates that a person who has been certified or accredited by a national or state association does not need a private investigator's license, specifically an expert witness.

RESPONSE: Section 324.1106(12), RSMo, contains an exemption for expert witness. However, its intent is to exempt expert witness coming into Missouri to testify in a Missouri court of law, not to conduct private investigator business. To conduct private investigator business in Missouri the individual must possess a Missouri license, unless the practice falls into the exemptions of Missouri law contained in section 324.1106, RSMo. Therefore, no changes were made to the proposed rule.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 2267—Office of Tattooing, Body Piercing, and
Branding
Chapter 2—Licensing Requirements**

ORDER OF RULEMAKING

By the authority vested in the Office of Tattooing, Body Piercing, and Branding under section 324.522, RSMo Supp. 2008, the office amends a rule as follows:

20 CSR 2267-2.010 Licenses is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2009 (34 MoReg 1932-1936). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The office received eight (8) comments on the proposed amendment.

COMMENT #1: Donald W. Corah, owner/operator of Artisan Tattoo Company, member of the Alliance of Professional Tattooists, and Chair of the Professional Business Practices and Ethics Committee, generally supports the office's regulations. However, Mr. Corah expressed concern that the three hundred (300) hours of supervision are insufficient to prepare an apprentice for the practice of tattooing, body piercing, and branding.

RESPONSE: The three hundred (300) hours of supervision is currently set in the rules and regulations and was not part of this proposed amendment. The office does appreciate receiving Mr. Corah's response.

COMMENT #2: Ron Henning ("Ronnie J.") proposed three (3) changes for the regulations: 1) An apprentice trainer should be required to provide proof of at least five (5) years of experience before serving as a trainer; 2) After completion of one thousand five hundred (1,500) hours of training, apprentices should be required to take a written and practical exam; and 3) The office should limit the number of shops within a given geographic area.

RESPONSE: The office appreciates Mr. Henning's comments and will consider the recommendation to require an individual to be licensed for a specific period of time before they are allowed to train. At this time, the office does not believe that an examination is necessary. Finally, the office does not have the authority to limit the number of shops within any given area.

COMMENT #3: Caroline Evans with Radiant Energy, LLC commented that the minimum amount of hours under supervision should be increased.

RESPONSE: Ms. Evans' comments are appreciated; however, the number of training hours was not a part of this proposed amendment.

COMMENT #4: Melonie Gonzalez, owner of Belton's Ink Spot, proposed: 1) requiring tattooists, body piercers, and branders to wear a surgical mask to prevent possible transmissions of bloodborne pathogens; and 2) requiring all tattoo artists, body piercers, and branders to get Hepatitis vaccinations and be tested for communicable diseases and rechecked every two (2) years.

RESPONSE: All practitioners are required by the rules and regulations to adhere to the Center for Disease Control's Universal Precautions, which prevents the spread of diseases. The office does not feel it is appropriate to require individuals to be vaccinated.

COMMENT #5: John Glore, Ozark Ink Tattoo Emporium, proposed two (2) questions in response to the proposed rule: 1) What is it going to cost to apprentice someone through the state? and 2) How will this affect current license holders?

RESPONSE: The cost of the apprenticeship varies, however, that cost is not directly established by the office. In addition, current license holders are not required to comply with this proposed amendment.

COMMENT #6: Mollie Ahlers-Estes, Timeless Tattoo, inquired as to the documentation required by the office of three hundred (300) hours of training for a body piercer apprentice.

RESPONSE: Ms. Ahlers-Estes was informed that there is a sample affidavit available for use to verify the completion of the required hours and procedures.

COMMENT #7: Duane Sims, House of Ink, raised two (2) questions in his comment to the proposed rule: 1) Will the office require a log for apprentices? 2) What information should he provide to the office for his current apprentices? Mr. Sims also proposed requiring an apprentice license to track the length of apprenticeships.

RESPONSE: The proposed amendment will require that proof of completing the apprenticeship on forms provided by the office. Mr. Sims was notified to inform the office of his current apprentices. The office does not have the statutory authority at this time to issue an apprentice license; this may be considered in the future.

COMMENT #8: Jeff Wells commented that he is opposed to any regulation requiring an apprenticeship because it could lead to additional regulations.

RESPONSE: The office is here for public protection and to ensure the hygienic and sanitary operations of both the practitioners and establishments. Applicants are required to have completed a first aid, CPR, and bloodborne pathogens course.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2009 (34 MoReg 1937). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2008, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
